**FC3ED17 Certificate 3 in  
CFO (Engine Driver - Grade 2)**

*A practical course for  
Engine Driver—Grade 2 of  
fishing vessels with  
propulsion power of <500KW  
in PNG coastal waters”*

**NATIONAL FISHERIES COLLEGE**

**Training Specialists for the Fishing Industry**

## Course Contents

- The Certificate 3 is the third level training in the Commercial Fishing Operations Programme. It follows on from the Certificate 2 in CFO Assistant Engine Driver course and aims to provide participants with the skills to act as Engine Driver on fishing vessel with propulsion power of less than 500KW.
- This course has been developed to qualify participants for Certificate of Competency as Engine Driver - Grade 2 (Fishing)

## Course Duration

- The college based component of the course is offered in 10 weeks, successful completion of which allows for issue of Certificate 3 in Engine Driver-Grade 2 Certificates of Competency dependant on experience on fishing boats.
- There may be a requirement for structured work experience, training and assessment on fishing boats to allow for final demonstration of competency and sign-off.

## Entry Requirements

- Applicants must have satisfactory completed Certificate 2 in **Commercial Fishing Operation (Assistant Engine Driver)** and have at least 12 months of subsequent sea-time. Alternatively, applicants must demonstrate similar skills through recognised training and work experience on commercial boats.
- There is no requirement to have completed secondary schooling but preference may be given to applicants with good oral English language skills nominated by fishing companies.

## Course Venues

- Courses are delivered in Kavieng at the National Fisheries College.

## Enrolment Procedures

- Applicants should complete and return the application on the back of this brochure.
- Applicants may be required to attend an interview to be selected for the course.
- Interviews will be conducted at least 2 weeks prior to the start of each course.
- Applicants selected for the course will be required to produce a medical certificate, character reference and proof of sea-time prior to commencement of the course.
- Trainees may require to be examine by National Maritime Safety Authority regulations for issue of a relevant Certificate of Competency.

## Course Fees

- Contact National Fisheries College for information regarding fees.

## Course Rules

- The National Fisheries College has Rules by which all Trainees should abide by once they are accepted for training at the NFC. These Rules act as a deterrent so each Trainee can concentrate on learning and acquiring skills rather than concentrate on unnecessary activities that do not assist with a Trainees learning on Campus.

## Course Assessment

- All courses for fishing vessel crew and seafood industry workers are based on agreed industry competency standards.
- The competency standard include general knowledge and practical assessment.
- Validation on all assessment will be done when a course is completed.
- Trainees may be required to be examined by National Maritime Safety Authority as per regulations for issue of relevant Certificate of Competency

## Qualification Job Role on Fishing Vessel

Individuals operating at this level will be in a more senior position aboard a fishing vessel supervising other crew members and can act as a Chief Engine Driver of a smaller fishing boat or as an Assistant Engine Driver on larger fishing vessels. The role will undertake general deckhand duties as required as well as a broad range of engineering processes and procedures aboard a commercial fishing vessel including:

- Maintaining the vessel's engine room and equipment
- Maintaining the vessel's deck machinery equipment
- Ensuring the safe operation of the vessel's engine room and deck machinery

Job title may include:

- Chief Engine Driver
- Assistant Engine Driver
