NATIONAL FISHERIES COLLEGE

Certificate in Small Fishing Operations

“A practical course for artisanal fishermen and small scale commercial fisheries “

Training Specialists for the Fishing Industry

Course Contents

- The course in Small Fishing Operations is aimed at people operating in inshore fisheries and community based fisheries. It may also be an appropriate course for a person acting as a support in the fisheries sector such as a Fisheries Officer. On successful completion of the requirements outlined below a person will be issued a Course in Small Fishing Operations, certificate. It was approved by the FTAC for assistance to small scale fishermen in the PNG.
- The course comprise a series of competencies:
 - * Safe boat operations
 - * Fisheries resources management
 - * Fisheries operation
 - * Seafood handling
 - * Fisheries business

Program Objective

- The SFO course prepares participants to fully understand the necessity of working according to Safe Operation Plans (SOP) to ensure that they initially organize their vessels to venture on safe fishing trips and to also be able to deal with emergency situations at sea.
- The participants are taught various fishing techniques to enable them to target inshore fish as well as offshore pelagic species in demand by the export markets. This involves theoretical understanding of the methods to be employed followed by practical construction of gears and fishing exercises.
- Proper fish handling, storage on ice and processing techniques are also part of the training that enables the fishers to maximize their returns.
- The participants are made aware of hazards in the workplace and the need to maintain safe working habits.
- Environmental issues and controlled fishing practices are stressed for the protection of marine life and coastal preservation to lay a basis for a sustainable fishery.
- The course concludes with basic economics understanding and small boat management methods, including the observance of maintaining a logbook and vessel costs and returns details.
- The SFO course provides an appropriate and approved programme of certificate for fishermen in PNG Fishing industry standard recognized as acceptable for operation of small fishing boats and business.

Course Duration

- This is a two week course.

Course Venues

- Courses are delivered in Kavieng at the National Fisheries College.

Course Fee

- Contact the NFC for information regarding fees.

Course Rules

- The National Fisheries College has Rules by which all Trainees should abide by once they are accepted for training at the NFC.

These Rules act as a deterrent so each Trainee can concentrate on learning and acquiring skills rather than concentrate on unnecessary activities that do not assist with a Trainees learning on Campus.

Entry Requirements

- Application is open to anyone willing to learn small scale fishing in the country.

Course Assessment

- The course does not require any formal assessments.
